PROFESSIONAL EXPERIENCE

UX Design Project Manager

Sep 2025 – Present

BU Spark!

Boston, MA

- Manage 3 interdisciplinary student teams (12+ students) in UX research and design projects for real-world clients.
- Serve as the primary liaison between clients and BU leadership, facilitating 10+ stakeholder meetings to align expectations and deliverables.
- Promote agile workflows with weekly sprint check-ins, reducing turnaround time, and improving client satisfaction ratings.
- Provide feedback on wireframes, prototypes, and usability tests, ensuring that final deliverables meet accessibility and usability standards.

UI/UX Design and Web Development Intern

May 2025 – Aug 2025

La Colaborativa

Chelsea, MA

- Designed and developed the organization's economic development platform, providing 3000+ community members with up-to-date access to programs and resources.
- Built a content management system in Strapi, allowing 10+ staff members to update site content independently without coding knowledge.
- Created a two-month Digital Equity curriculum using Canva, used to train classes of 25+ community members in essential digital and design skills.

UX Intern – Special Initiatives

Jan 2025 – Present

BU Spark!

Boston, MA

- Conducted interviews with 8 mission-based potential clients, translating insights into actionable UX project descriptions adopted by Spark!'s pipeline.
- Designed high-fidelity Figma prototypes and conducted user research for MAPLE Testimony and Boston Voter App.
- Selected by BU Spark! program directors as the featured UX case study in Spring 2025 Demo Day, showcasing designs to 300+ attendees.

VOLUNTEER & OTHER EXPERIENCE

Course Grader – CS411 (Software Engineering)

Aug 2025 – Present

Boston University, College of Arts & Sciences

Boston, MA

- Mentor 120+ students during weekly office hours on frontend technologies and UX design.
- Grade group projects with 3,000+ lines of code, providing actionable feedback on scalability and Software Engineering practices.

UI/UX Designer

May 2025 – Present

Hack4Impact BU

Boston, MA

- Redesign organizational website, to improve navigation and visual consistency for 200+ students.

Frontend Developer

Nov 2024 – Jul 2025

Blue Dev Digital (Startup)

Boston, MA

- React projects built for multiple local businesses, helping to improve their digital presence and customer engagement.

Software Engineer Intern

Jul 2024 – Apr 2025

Our National Conversation

Remote

- Delivered React front-end features for a news engagement platform, increasing repeat visits by 8%.
